JACK ATKIN BEATEN

Five Favorites Go Down in Defeat at Belmont Park.

KILLING IS MADE ON TOURENNE

Winner Backed Down from Twelve to Six, and with Only a Hundred Pounds Up Had No Trouble in Taking the Rich Cosmopolitan Handicap-Roseben Badly Beaten.

New York, May 26 .- Jack Atkin, carrying 129 pounds and an 8-to-5 favorite, was beaten in the rich Cosmopolitan Handicap Black Bridge... at Belmont Park to-day by Tourenne, Anonym backed from 12 down to 6.

It was a sensational killing with the L latter who, with 100 pounds on his back overhauled Atkin at the head of the stretch, and though Schreiber's great colt carried Tourenne wide, the latter won rather easily by three lengths in 1:453-5. Lawrence P. Daley also was prominent always, finishing third.

Rough riding at the post was responsible for the defeat of High Private in the Laureate Stakes.

At the start Melisande collided with Ross Fenton, knocking him out of it and then bumped High Private so that he swerved over to the outer rail and lost several lengths. After that Lee put up a vigorous ride so that High Private ran fine race, but at the wire Melisande beat him by three parts of a length.
Frizette made a runaway of the first

Roseben was badly beaten again in the handicap at six furlongs.

Nick Stoner ran away with the last race for maidens at a mile. Five favorites were defeated.

Meanly all of those examined said they had formed opinions in the case, which would render them incompetent to give the Methodist Episcopal Church South, following a business session. The programme was as follows: Instrumental Nina Tanner; solo, Marshall Dobie; "When Moses Came Back," J. Randall Caton and David N. Hulfish; recitation, Miss Blanche Stansbury; instrumental duet, Miss Smith and Miss Williamson; recitation, Mrs. T. N. Hulfish. Afterward Rev. E. V. Register, presiding elder of the Methodist Episcopal Church South, received portraits presented to the Young People's Building, and a fitting response was made by Rev. C. D. NEWSOFALEXANDRIA Human Electricity to Sweep Chronic Disease from the World.

A Scientist, Andrew McConnell, discovers that the electricity in each one's body can cure every form of disease. Tested in 300 cures without failure. Indigestion, nervous prostration, heart troughe, and paralysis the easiest forms to cure. Electricity has wrought so many wonders that man's mind is bewildered at its possibilities. Yet a new Scientist has demonstrated that all our present electric discoveries are but child's play to what is to be done with human electricity, Mr. McConnell claims, and noted conservative people say he's right, that the scientific knowledge of the laws of the production and control of electricity generated in the human body will make the following supposed impossibilities simple and natural:

(1) That every person can cure himself of any disease in a few weeks without apparatus, doctor, or mental healer; that the worst cases of indigestion, nervous prostration, heart trouble, &c., can be cured by the person in an average of four weeks.

(2) That age weakness is but decreasing electric production of the body batteries, and any old person can invigorate himself and lengthen his life the same way as chronic disease is cured.
